

Erie 2-Chautauqua-Cattaraugus BOCES School Improvement Program

Sponsored by the Alternative and Special Education Division of Erie 2—Chautauqua—Cattaraugus BOCES

Child and Adolescent Violence: Signs, Understanding & Prevention With Dr. Paul Martin, Consultant/Trainer

Dr. Martin will discuss incidences of violence and special populations, etiology of violence, psychiatric disorders, signs of impending violence and how to respond, risk factors, treatment, planning and prevention as well as the legal implications of violence in children.

Participants will:

- Understand why poor verbal skills, poor school performance, and low self-esteem are strong violence causation factors.
- Name at least three types of violence that are frequently exhibited by violent children/adolescents.
- Be familiar with at least six warning signs of violence in adolescents.
- Be familiar with the preventative measures that eliminate the onset of aggression and violence in children.
