

Reaching All Students in Math: Differentiated Mathematics Instruction

With Nanci Smith, Educational Consultant and ASCD DI Cadre Member

Nanci Smith is a former high school mathematics teacher. She is Nationally Board Certified in Adolescent and Young Adult Mathematics. Nanci has been an international consultant in Differentiated Instruction for ASCD for eight years. She has taught Differentiated Instruction as a Masters course for both Arizona State and Northern Arizona Universities, as well as in Singapore. Nanci also consults in the area of mathematics. She has just finished developing a CD-based, professional development series for middle school math teachers, and is currently finishing a Ph.D. in math education at Arizona State University.

Participants will:

- Use tools to diagnose their own learning profiles, which can then be used to analyze student learning profiles.
- Explore strategies for addressing student differences through rigorous instruction.
- Participate in hands-on activities.
- Develop strategies to use in their classroom
